EU funding

characteristic

- **strategy**

- **objective**

- **time frame**

- **target group**

- **mode**

- **legal basis**

EU

IU, ERA

Smart growth

7 year time frame

Mainly transnational

Top down

EU fin. regulation

Regional (ESIF)

Smart specialisation

Inclusive growth

7 year time frame

Mainly regional

Mainly top down

EU fin. regulation

National/regional funds have no time frame, national regulation and varied characteristics

Key EC objectives – smart growth*

Innovation Union

- by 2015 completed or launched the construction of 60% of the priority European RIs

ERA

- support access and integration of RIs
- setting priorities for implementing ESFRI
- support training programmes

Also: encouraging MS to link ESFRI, nat. roadmaps and S3

H2020 WP 2014-15

- integrating activities
- design, implementation, operation, networking of ESFRI
- training

RSFF (financial instrument)

*related to financing

RI related investment priorities – inclusive growth

ERDF

- equipment and small scale infrastructure
- RD&I
- networking

ESF

- training, networking

Territorial Cooperation

- cross-border cooperation
- transnational cooperation

ESIF

- integrating activities - CERIC*
- ESFRI - ELI

* 'preparatory phase'

CERIC

pan-European distributed RI in the field of analysis and syntheses of advanced materials and life sciences

Rationale

- to efficiently address societal challenges&KETs
- to optimise resources
- to optimise use (trans-national access)
- enable joint development
 - research
 - knowledge

Activity	CSF fund	Measure
Development of infrastructure	ERDF	Support to the infrastructure, Centre of excellence* ⁹
Open access	ERDF, Territorial cooperation or ESF	Flagship within the Danube strategy/Central Europe territorial programme, Centre of excellence
Training of scientific and technical personnel	ERDF, Territorial cooperation or ESF	Flagship within the Danube strategy, Central Europe territorial programme, Centre of excellence
Strategy and policy development	Territorial cooperation	Flagship within the Danube strategy, Central Europe territorial programme
Coordination of activities, including promotion, outreach and marketing activities	Territorial cooperation	Flagship within the Danube strategy, Central Europe territorial programme
Joint RD activities	Territorial cooperation or ERDF	Possibly within the Danube strategy/Central Europe territorial programme, Centre of excellence

Conclusion

- need for synergy between supranational, national and regional policy and funding framework
- recent innovative approaches open new ways to towards development of ERA
