Workshop on *Synchrotron radiation and the Cuprate, Fulleride and new High-Temperature Superconductors*

6-8 December 2001

Trieste, Italy

The purpose of this workshop is to provide a forum for a discussion of current issues relating to applications of synchrotron radiation to characterization of cuprates, fullerides and new high-T_c superconductors. Specialists in high-T_c superconductivity, cuprate and fulleride physics, and specialists in synchrotron radiation techniques familiar with the use of synchrotron radiation to study the cuprate, fulleride and new high-T_c superconducting materials, are invited.

The workshop will take place in the lecture room C of the ICTP main building (Miramare - Trieste).

The meeting will consist of talks - 45 minutes each - presented by the invited speakers, while a poster session is foreseen for the other participants. A visit to the ELETTRA facility and a social event will be organized.

A limited number of single rooms (36 EU per night) and double rooms (18 EU per person, per night) is available at the ICTP Guesthouse Adriatico.

Registration deadline: 30/11/2001

INVITED SPEAKERS

O. Gunnarsson (Germany) - E. Tosatti (Italy) - L. Pietronero (Italy)
W.E. Pickett (USA) - A. Fujimori (Japan) - M. Grioni (Switzerland)
K. Prassides (UK) - J.G. Hou (China) - M. Pedio (Italy)
J.C. Campuzano (USA) - P. Rudolf (Belgium) - M.S. Golden (Germany)
R. E. Palmer (UK) - M. Sancrotti (Italy) - N.B. Brookes (France)
M.C. Asensio (Spain) - F. Parmigiani (Italy)

ORGANIZING COMMITTEE:

Stjepko Fazinic, IAEA, Vienna, Austria (S.Fazinic@iaea.org)

Andrea Goldoni, Sincrotrone Trieste, Trieste, Italy (andrea.goldoni@elettra.trieste.it)

Giorgio Paolucci, Sincrotrone Trieste, Trieste, Italy (giorgio.paolucci@elettra.trieste.it)

Massimo Altarelli, Sincrotrone Trieste and ICTP, Trieste, Italy (massimo.altarelli@elettra.trieste.it)

Contact person: Mrs. Ilde Weffort (nhts@elettra.trieste.it)
